RE: Bruce Lee Action Museum

Dear Ms. Lee (Shannon),

As a member of the Seattle City Council and a lifelong resident, it is with great excitement that I express my support and interest in a Bruce Lee Museum here in Seattle. With more than \$9 Million annual visitors to the Seattle-King County region, I believe such a monument to your father will be a great asset to the millions of people who honor the memory and accomplishments of your father. Many of us believe that while Bruce Lee's life ended too soon, he is still widely considered by commentators and martial artists as a cultural icon and the most influential martial artist of modern times.

Seattle was home to Bruce Lee. I believe the impact of this Museum could be profound. The Museum would build a real and deep connection to the legacy of the man and his work and provide relevance to today's generation, young and old. For that reason, it is our obligation to see that Bruce Lee's legacy of hard work, discipline, determination, individual self-esteem, physical prowess, love of philosophy and acting is shared with our youth, adults and visitors for many years to come.

I am asking that you continue your work to build the Bruce Lee Action Museum within our community. I pledge to help you build the necessary coalitions from across this region to support your work and see this vision come to fruition.

I am honored to support you. Let's get busy!

Sincerely,
